

SAINT ALBANS SCHOOL

AFTERSCHOOL PROGRAMMES

√ Math Club

FALL 2018

GENERAL INFORMATION

Saint Albans' afterschool programmes are designed to provide opportunities for students to explore extra-curricular educational opportunities. The school offers two programmes that run simultaneously.

Homework Help is the general afterschool programme for students. It offers an organised programme for three hours each day. Students are provided with assistance with completing their homework or other assignments as well as being offered the opportunity to participate in recreational activities from board games to pick-up basketball. Homework Help is \$30 per day or \$125 per week.

Afterschool Clubs are special activities that run from 3p to 4p on their scheduled day. Clubs carry a fee of \$30 per meeting, except for School Play and Girl Scouts. Students enrolled in Homework Help for the day do not pay extra for Clubs on the same day.

BILLING AND PAYMENT

Homework Help is billed each month in advance. Bills must be paid by the last day of the month or a student will not be able to participate the following months.

Afterschool Clubs are billed for the full term in advance. This is to enable us to plan for staffing.

DATES

Fall Afterschool programmes run from Monday, September 10 until Friday, November 16. There will be no Afterschool Programmes on Friday, October 5.

AFTERSCHOOL CLUBS

School Play

Mondays: 3p - 4p

Join us to be part of Saint Albans first school-wide play. Students will gather each week to put together one of the great plays in English literature, Shakespeare's *Romeo and Juliet*. From brawls in the streets, to a romantic balcony scene, to a scheming friar, this classic has something for everyone. Don't want to be on stage? No problem. We need set designers and props. There's a rôle for everyone in this year's school play.

Robotics (Grade 3-8)

Tuesdays: 3p - 4p

Science and technology come together in our new robotics programme. Students will learn the basics of robotics theory and begin to build and programme a robot.

Dance (K-8)

Tuesdays: 3p - 4p

Students interested in the arts are invited to join in the dance club. Both modern and ballet dance will be on the bill. Open to boys and girls.

Soccer (K-8)

Wednesdays: 3p - 5p

Soccer meets every Wednesday. Learn basic skills, and play in games each week. Open to boys and girls in all grades.

Girl Scouts

Thursdays 3p - 6p

Join the Scouts for fun, fellowship and adventure. Our troop is active and engaged. Don't miss out on one of the best experiences a girl can have. (Twice per month)

Basketball

Thursdays 3p-5p

Our basketball programme begins on September 27. Students learn skills and play games each week.

Maths Club (K-8)

Thursday 3p - 4p

Math Club

Learning can be fun! Seriously. Join our maths club to explore interesting concepts and ideas in maths in creative way.
